## **Resources Agency Releases California WaterFix Fast Facts**

SACRAMENTO – California WaterFix is a critical upgrade to 50-year-old infrastructure to protect a major source of clean water for two thirds of the state. Work toward final environmental review documents continues this summer. Through a series of public meetings in late July, the State Water Resources Control Board will [review the state’s petition](#) to build new intakes along the Sacramento River.

The new [California WaterFix Fast Facts](#) summarizes the benefits and cost of the proposed project.

More information is available at [www.californiawaterfix.com](http://www.californiawaterfix.com) where you can find additional [fact sheets](#) and [outreach](#) material.

###

Every Californian should conserve water.
